Schusters, Knutson Named Top Aggies

Judy (Rivard) Ken Schuster

Judy '64 (Rivard) and Ken Schuster '61 were named as Top Aggies for 1986. They operate Rivard's Quality Seeds, Inc., in Argyle.

"Honored! Suprised!" were the two words the Schusters used to describe their feelings on receiving the Top Aggie award. "It is gratifying to know that someone out there is observing us. We are accomplishing some of our goals - getting the plant back in operation after the fire - helping to put together the Fiber Fuels Association and other projects which could have some impact on the Red River Valley."

The Schusters highly praise the education they received at NWSA. It was more than a public school. It was a school where I could take more home economics courses than were offered in public schools. We had more athletic programs including swimming which no other high school had. Most evenings we gathered in the Aggie Inn to visit and get to know each other. One of the big advantages we had as NWSA students was making friends with classmates who came from as far away as the Canadian border to the north and Wahpeton to the south. My study habits improved 100 percent, Judy said, when she compared her first two years at Oslo High to her last two at NWSA.

Both Judy and Ken are very active in community and state organizations. Ken received the coveted Premier Seedsmen award from the Minnesota Crop Improvement Association and was one of the founders of the Fiber Fuels Institute. He is active in the Argyle Volunteer Fire Department, Knights of Columbus, Lions, Farmer's Elevator Assn. of Minnesota, Argyle Redevelopment Assn., Northwest Minnesota Regional Development Commission and the Northwest Minnesota Regional Revolving Fund. Judy is a graduate of the Bernell Hair Dressing School in Grand Forks and owned managed a shop full time for several years. She is active in the Argyle Community Chest Drive, Argyle School Title One Committee, Brownie Scout leader, Lydia Prayer Group, Valley Christian Fellowship and teaches religious classes.

Rhoda, their oldest child is a junior in college. Their son Randy is a freshman at NDSU. The Schusters - a very deserving couple to be named Top Aggies.

Alton Knutson

High school class president, college student, soldier, husband, parent, missionary, pastor and chaplain describe Alton Knutson '42 the 1986 Top Aggie.

Knutson, class president during the four years he attended NWSA, commends the school for the education he received and the positive influences he received here.

After graduation in 1942 he enrolled at Augsburg College, was drafted in 1943 and served with a combat unit in Burma and West China. He married Margretta Ann Ramaley in 1943. They have three married daughters, all employed in medically related jobs, and a son planning for the ministry.

After his discharge from the Army in 1946 he reentered college, graduated from seminary in 1951 and began his life long occupation as a missionary in Japan. For the next 33 years he established and built up Christian churches in Japan which is less than one percent Christian.

"It was a ministry in Japan. I could not have wished for a better calling. The ministry of the Gospel in a country like Japan was not without conflict and frustration, but the Lord's grace has been sufficient," Knutson stated.

He was given the first Good Citizen award from the NWSA in 1981. In 1984 at the age of 62 he returned to the United States where he serves as a part time Visitation Pastor in Forest Lake, Minnesota. Another Aggie who having given his life to the church and served over 30 years in a foreign country is well deserving of the title Top Aggie.

Margretta and Alton Knutson given award by Earl Hokidston

Make plans now to attend

REUNION 1987
Alumni Day
June 27, 1987

New Parking Lots Near Knutson

A $350,000 project including surfacing the west and east roads to the campus, development of a parking lot on the northwest corner of the campus, and a connecting road to the north entrance is scheduled for completion in October. Visiting Aggies will find it easier to park closer to the White House when the new parking lot is completed.
Where Were You In 1946?

I would like to reminisce about my days at our school. In October, 1946, I began my education at the NWSA when I moved into room 123 in Stevens Hall. I was to matriculate at NWSA my last three years of high school since I had attended my freshman year at Gonvick High School.

A very nervous young farm boy soon began to enjoy friendship, guidance, coaching and teaching from names such as McCall, Lysaker, Larsen, Robinson, Soine, Riser, Piker, Filip, Hansen, Bede and Bennett. This enabled me to be in the multitude of pressure to produce great things.

However, I must admit that I have been pushing to have the road around the mall put back to what it was when we were in school. (How do they walk the girls around now?) It doesn't seem like everything someone drives in the campus they should be to end up on a back road through the ballpark. Enough said!

Aggies - let's stick together - plan for the next reunion - talk to each other. Hang on to our memories and keep the old school alive by our enthusiasm and spirit.

Reunion Was Well Attended

Over 450 Signed Up

Over 425 Northwest School of Agriculture alumni attended the annual reunion on Saturday, June 28 at the University of Minnesota-Crookston campus.

The buffet banquet and program honoring the 1966 top Aggies was followed by "memory lane" reminiscing, refreshments, and an all-alumni dance featuring Hersch Lysaker and the Ninth District American Legion Band. Other reunion events included an estate planning seminar, class meetings and pictures at the event and getting to know alumni. "I had a great time and I really look forward to future NWSA reunions."

Where Were You In 1946?

Blake Crosby Named Asst. Alumni Director

The University of Minnesota-Crookston has a new Assistant Director of Alumni and Development, Blake Crosby, former Assistant Director of Financial Aid at UMC for seven years was appointed on August 1.

"Blake knows UMC very well and will start the job working with alumni and development projects immediately," said Lowell Larson, Director of Alumni and Development. "He has strong skills in working with people and will fit into the office responsibilities."

"I'm looking forward to this new opportunity. I have many ideas about how to work with alumni, now all I have to do is focus them," said Crosby. "UMC's alumni program is unique because the school is young and so many are part of the UMC alumni. Alumni age is between 30 and 35, and many of them are still raising families and switching jobs, making it difficult for the alumni office to maintain contact. We can't expect UMC graduates who are in the middle of raising families and who are just beginning to get set financially to contribute hundreds of dollars, but we do want those alumni to get the UMC word out to their communities and to contribute financially as they are able," Crosby stated.

One of Crosby's major projects will be to computerize and more completely develop the alumni database.

"The NWSA alumni are very loyal supporters and soon UMC alumni will reach that point, so we want to be fully automated when that happens," said Crosby.

Crosby is very people oriented and wants current students to become aware of the White House Alumni Center. Because of his previous work with student activities, he'll have some built-in contacts and hopes to try several ideas this year.

The Assistant Director of Alumni and Development position may undergo significant change during the next five years. Alumni and Development will remain a major part of the job, but Crosby sees new areas: working with faculty and staff to write grants for research projects, developing an alumni program for the non-traditional student working more with off-campus teaching and workshops and coordinating more programs with the Northwest Experimental Station.

Crosby is married to the former Jan Tjah, who teaches kindergarten at Lincoln Elementary in Crookston. He is a Rolla, North Dakota native and graduated from Rolla High School. He received a degree in guidance and counseling from the University of North Dakota where he was very active in collegiate activities. Prior to accepting a position with UMC he was a guidance counselor at Lidgerwood and Hankinson, North Dakota public schools.

Northwest school alumni attending the 1986 reunion should be able to recognize him as he was taking pictures at the event and getting to know alumni. "I had a great time and I really look forward to future NWSA reunions."

Two NWSA alumni received Top Aggie awards recognizing their outstanding community, family and career contributions. Alton Knutson '41, Forest Lake and Ken '81 and Judy (Ribard) '64 Schuster from Argyle. (See story on page 1)
Chancellor Sargeant Sites
Campus Improvements

It was a pleasure for Mary Beth and I to attend the Northwest School reunion this past summer. The attendance of approximately 425 people was a tremendous indication of the support and loyalty you have for the University of Minnesota. Maybe it’s because, as someone said, “they don’t make Northwest School graduates anymore,” that they become a more cherished possession for all of us! The feeling was such that evening.

The campus is continuing to be improved. This fall it’s been a challenge to find a parking spot, believe it or not, because of the roadway and parking lot construction. The new dairy barn which will provide the finest within the University for teaching and research, has its cows back in place as of October 1. Construction of the equipment storage buildings, both on the college and experiment station campuses, are also progressing as is an elevator in Hill Building.

The courses and activities on campus are better than ever. We’re also making an effort to take more courses and workshops to various locations within the region. If you think there is enough interest for a particular workshop in your area, please let us know.

Thanks also for your contributions to the fund drives. That financial support helps us to continue to provide opportunities and experiences for those who attend activities here that are high quality. We look forward to a continuing strong association with the Northwest School grads.

Chancellor Donald G. Sargeant

Three Retire From NWES

The names of three most recent retirees at the Northwest Experiment Station will stir memories among NWSA alumni.

Gene Miller is probably the person who will be remembered the most since he is a former teacher of aeronautics, metals, plumbing, welding, electricity, general mechanics and construction from 1954-1966. He also was superintendent of buildings and grounds.

Miller remains very active in research. Recently he founded the Northern Tier Solar Energy Society and the first National Fiber Fuels conference at UMC. He was given the Top Aggie award in 1986.

A 29 year veteran with the Experiment Station, Elvin Moran retired in August, 1986 as farm foreman. Moran began his career in the summer of 1947 under the guidance of O. M. Ritter. Lawrence (Jerome) Sirok started at the Experiment Station in 1951. He was the senior farm animal technician in the beef and sheep department at the time of his retirement.

Youngquist Honored At Range Ceremony

Youngquist, a native of Finlayson, Minnesota, received his B.S., M.S. and Ph.D. degrees from the University of Minnesota. He wrote his doctoral thesis on the changes inherent in the then “Schools of Agriculture” and possible conversion to collegiate programs.

Arriving at the Crookston campus in 1956, he presided over the last years of the successful NWSA, laid the early college philosophy and directed agricultural research into the new challenges of the era.

Youngquist has been given many honors and awards. He received the Honorary State Farmer Award from the Minnesota Future Farmers of America, the Partners in 4-H Award and the Seal of the State Award for his river basin commission work. He is a recipient of the Top Aggie Award from the NWSA alumni. Elected to the Red River Valley Winter Shows Hall of Fame, he was president of the RRVWS Board until 1981.

Dr. Berne Youngquist, former superintendent of the Northwest Experiment Station, was honored at a range naming ceremony in July at the North Farm of the Experiment Station.

REUNION 1987
Alumni Day
June 27, 1987

Baird family in attendance at the 1986 reunion were: (not in order) Joanne Baird Olson ’40, Mercer Island, WA; June Baird Simpson ’40, Winston, OR; Helen Baird McBride ’41, Cushing Park, CA; Elaine Baird Ephem ’42, LaBelle, FL; Charles Baird ’45, Fargo, ND; Ruth Baird Harker ’47, Fairfield, CA; Tillie Baird Ewing ’49, Vancouver, WA; Bernice Baird Kline ’52, Silver City, NM; and Mary Lou Baird Heff ’54, Milbank, SD.
On behalf of the NWSA Alumni Association, we extend our sincere thanks to Allan Dragseth '57 and Perry Braaten '53 for their commitment to the Board of Directors during the past four years. Their enthusiasm, desire, and dedication to represent the best interests of all NWSA alumni were clearly demonstrated.
Richard Widseth '49 will attend the WSA Alumni Association at the Recognition Banquet on June 26. This event honors both current scholarship recipients, contributing over $2,000 in the 1986-87 academic year.

Approximately 30 NWSA alumni attended the Estate Planning Seminar conducted at the Northwest School Reunion on June 28. If any alum would like assistance in planning their estate and/or considering a charitable gift to the University, please contact Lowell Larson at the White House Alumni Center.

Dowell Family (left to right) Pearl Henry Duke '32 (cousin of Dowell's); Daughters of Austin Dowell, NWSA Superintendent: 27-37, Hannah Dowell, Nevada, IA; Margaret Dowell Gravatt, Corvallis, OR.

Class of 1921 (left to right) Walter Sprung '20, Ada, MN; Carl '20 & Sophie Kubechek '21 Narvason, Moorhead, MN; and Elmer Bredlie '21, Mentor, MN.
Experiment Station changes – the 1906 dairy barn and horse barn have been demolished. A new dairy and teaching facility is currently under construction and should be completed by the end of the year.

Class of 1942 held a prayer breakfast at the White House.

Three Elected To NWSA Board of Directors

Three new faces will appear at the next NWSA Board of Director's meeting. Elected to serve were: Dick Widseth, George Schulz and Don Strickler.

Dick Widseth '49 was elected president. He is general manager of the newly formed American Aerostar plant in Crookston. He formerly was a partner in Widseth, Smith, Noiling and Associates, a Crookston engineering and architectural firm. Widseth received a bachelor of science degree from UND in 1954. He was associated with firms in Thief River Falls and Mason City, Iowa before moving back to Crookston. He is married to Clarice Thuresson '49, who is the Volunteer Director at Riverview Hospital. They have five children. Three girls, all married, one son employed in Crookston is a UND graduate, and the youngest, presently attending Concordia College, Moorhead. Dick is active in community affairs with memberships in the Chamber of Commerce, Rotary and several professional engineer societies.

George Schulz '31 retired after 50 years of work in the dairy industry, insurance sales, employment at the Olin Corporation as a machine operator and many, many years as a township assessor.

A community minded person, Schulz served as a school board treasurer, township treasurer, on the church council and on many, many other boards in Fergus Falls. He married Gladys Amandson in 1939. They have two daughters and five grandchildren. Gladys is a certified ceramics teacher and is also an accredited ceramic judge and holds a Shield of Accreditation with Duncan Enterprises.

Don Strickler '62 furthered his education at North Dakota State University. He graduated in 1966 and began farming at that time.

He is very active in numerous community and state organizations. He is the past Junior Chamber member and has held various offices at St. Paul's Lutheran in Euclid. He belongs to the Farm Bureau, County Crop Improvement Assn, and the State Angus Assn, where he is a past president.

Mark Your Calendars For 1987

DO YOU REMEMBER WHEN four words spoken many times over at our annual summer reunions held the last Saturday in June.

Mark your calendars now and come to the UMC campus next summer for our NWSA Alumni Reunion – Saturday, June 27, 1987.

We will be honoring the graduation classes from the years 1917, 1922, 1927, 1932, 1937 (50th Reunion), 1942, 1947, 1952, 1957, 1962 (25th Reunion), and 1957. All NWSA alumni and former faculty members are encouraged to take part in the Reunion; however, a special emphasis is being placed on these 5-year classes and they are encouraged to plan individual reunions on campus on the 25th. If you are a member of one of these classes and would be willing to help organize a reunion for your class, please contact Blake Crosby, Assistant Director of Alumni and Development, University of Minnesota Crookston, MN 56716.

Remember, too, that the "welcome mat" is out year around. Stop in at the Alumni Center and visit with us. The words, "Do you remember...?" are heard often in this building, the former home of our NWSA superintendents.

Further information on the 1987 reunion will be in the next issue of the AGGIE. We hope you will begin contacting classmates you know and encouraging them to attend with you!

Make plans now to attend REUNION 1987 Alumni Day June 27, 1987

Dancing was part of the evenings festivities.
Owen Hall Addition Dedicated

Dedication ceremonies for Owen Hall at the University of Minnesota–Crookston were held Saturday, June 28, at the Owen Hall entrance. Senate Majority Leader Roger Moe and House Representative Bernard Lieder led the legislative and agricultural delegation in dedication ceremonies, other speakers included: Dr. Stanley D. Sahslstrom, Regent, University of Minnesota; Dr. Gary McVey, chairman, UMC’s Agriculture Division; and Chuck Larson, owner/manager, Red Power International Inc.

The Owen Hall remodeling and addition project included the remodeling of Owen Hall which was built in 1909, a link with an elevator to Owen Annex built in 1971, and the addition of 7,000 square feet of new laboratory space. The $1.5 million addition and remodeling project is attached to the west side of Owen Hall, covering some of the large parking lot. The new space provides for agricultural structures and energy and metals fabrication laboratories. Equipment acquired with the project includes state of the art seed germi

Chancellor Sergeant speaks at Owen Hall Dedication while Chuck Larson, Red Power International, Regent S. D. Sahslstrom and Ap Division Head Gary McVey wait to give their replies.

The new facility will hold continuing education classes, 4-H and FFA workshops, Extension activities, and agricultural industry in-service work

Flowers—UMC Grounds Attracts Visitors

Flowers on the UMC campus are enjoyed by all. Bob Jeska works with Jerry Rude and Al Metzger.

“picture takers” from several states and Canada every year.

Bob Jeska, grounds foreman, completing his 30th year with UMC is in charge of landscaping. His gardens are no accident. He is constantly looking for new ideas and new color schemes to create the beauty that draws the hundreds and hundreds of visitors.

Jeska plans the flower beds in his head and then on paper during the year, but he finally “gets serious” in December when he begins the propagation process. In one of UMC’s greenhouses he plants seeds or cuttings from last year’s crop. The begonias and geraniums are the first to be planted, followed in late February or March with the bulk of the flowers.

Jeska has a staff of veteran gardeners. Jerry Rude has been on the staff for 13 years and Al Metzger for six years.

NWSA Alumni News

1915

GERTRUDE (OSTERLAH) OLSON, Grand Forks, ND - writes to say she enjoys reading every word in the Aggie. She graduated from Bethesda Hospital, Crookston as a registered nurse and was employed at Deaconess Hospital, Grand Forks for 25 years. Retired at 50 years young she lives in her own home.

1920

MILTON WARNER, Spencer, IA - received the Iowa Governor’s Trophy for Northwest Iowa’s Outstanding Elderly Iowaan for 1966. He is one of 16 in the state to be awarded this honor. He writes, “Really enjoy the Aggie. It’s well done.” Coming from a public relations practitioner, the staff considers that statement a huge compli

CARL NARVESON & SOPHIA KRECHER NARVESON, Moorhead, MN - writes stating, “We enjoyed a very good day at the NWSA 1921 reunion and a special thanks for the photos we put in our book of memories.”

1939

PHIL LAMASURIER, El Segundo, CA - visited the campus this past June. He and his wife own Keith’s Pottery in Manhattan Beach, CA.

1942

VINCENT FLOYD DAHL, Golden Valley, MN - retired in 1982 from Metrom Insurance Company as did his wife Doris from Honeywell that same year. They enjoy golf, fishing and traveling.

1955

BON PORTER, Grandin, ND - appreciates a six year term on the North Dakota Livestock Sanitary Board. He owns/manages a dairy farm and has 15 years experience in artificial cattle breeding.
Contributions Will Have A Major Impact

Contributions to the 1986 Annual Fund by Northwest School of Agriculture alumni will have a major impact on the 1986 academic year, and beyond. Your support of UMC scholarships and programs will benefit deserving students and insure continued faculty vitality at the University of Minnesota Crookston.

All Annual Fund gifts are expended as donors designate. Gifts without donor designations are used for alumni association expenses (AGGIE, class reunions, alumni center, etc.) and specific UMC programs, as the NWSA Board of Directors approves.

The NWSA Alumni Association Board of Directors thanks the following for their 1985-86 Annual Fund gift.

$ 25.00 - Ag Division
330.00 - Alumni Program
1,180.00 - Hadde Church
480.00 - Scholarships
8,592.00 - Unrestricted
