Winter Socials

Winter Socials in Arizona and Texas were a huge success. Texas snowbirds gathered on February 1 at Ann’s Restaurant in San Juan, Texas. Arizona area snowbirds gathered on January 25 at the clubhouse of the Brentwood Manor in Mesa.
From President Proulx

In June. We have a good program planned with a Friday night get-together for any who wish to come to the Northland Inn for conversation and relaxation.

On Saturday, we have a number of honored classes getting together, campus tours available, Top Aggie Awards to be presented to very worthy recipients at the evening banquet, and a dance hosted by Herschel Lysaker and his band. His music is great, and the alumni dancing is the envy of many of our younger generation so I have been told.

So why don't you all come home and make this the greatest reunion ever. Time is getting short, in more ways than one, so start planning to attend now.

Also, if you still have our alumni fund in mind (Heritage Fund Drive), we will accept your gift anytime. We are still $6,000 short of our goal. Whatever you wish to do we would appreciate your help, and if their is anything we can do for you, just drop us a line -- this is your alumni association.

Have a Great Day!

--Paul Proulx

Chancellor's Column

Winter activities went very well. We have been very busy with numerous workshops and seminars in addition to the usual classes and student activities. A recent highlight was the spring student convocation when Dr. Norman Borlaug, 1970 Nobel Peace recipient, spoke to students and members of the college community. NACTA and DECA students are off to national competition. And, of course, the athletic teams were very successful as the women's basketball team was in the state tournament, and the hockey team won the state tournament and conference championship and was third in national competition at Lake Placid, New York.

Looking ahead to the summer and next fall means that student recruitment takes a high priority, as well as budget planning. We hope by June to have received a more firm indication from President Hasselmo as to the possibility of UMC initiating baccalaureate programs in another year. The present state revenue shortfall, of course, takes priority in the President's planning, and it's difficult to make a case for investing additional dollars at this time in light of the state's budget crunch.

I hope you'll be able to attend the summer reunion in June and take a tour of the Atrium and building links which opened last fall. They really enhanced the campus environment for students this year.

See you at the summer reunion.

--Donald Sargeant

Larson's Notes

The end of the 1991-92 academic year is rapidly approaching. It has been an extremely busy year and the next three months will also be very active ones as we prepare for the May 22 UMC Commencement. June 27 NWSA Reunion, complete our annual fund drives and establish our goals, budget and activities schedule for 1992-93.

Since we published the last AGGIE, a number of activities have taken place and may be of interest to you:

Outstate Social: In January, Paul and Lois Proulx and my wife Kay and I journeyed to Mesa, AZ for a NWSA/UMC Alumni Social on January 25. Ivan and Clarus Anderson hosted the social at the beautiful Brentwood Manor Club House. A special thanks to them and the folks at Brentwood for their very gracious support. More than 50 alumni and spouses attended this social event.

Following this event, Paul and Lois flew to McAllen, TX where they met Don Keith, a recently retired UMC professor, Pauline Purath and Truman Tilleraas. Those folks coordinated the alumni social held February 1 at Ann's Restaurant, San Juan, TX.

Thanks to each of you for your help in putting on this activity. Again, approximately 50 alumni and spouses were in attendance at this social.

An Alternative to Low Returns on Certificate of Deposits and Savings Accounts

Interest rates have declined significantly this past year. If your retirement depends on income from short term investments, you may be looking for some alternative investments to increase your income.

You may want to consider a Life Income Gift with a fixed rate of return. Some "Life Income Gifts" have an inflation adjustment to help maintain your buying power over the rest of your life. The five major types of Life Income Plan's are: A) a Unitrust, B) an Annuity Trust, C) a Pooled Income Fund, D) a Gift Annuity, and E) a Deferred Payment Gift Annuity.

A Life Income Gift may be set up for any amount starting at $1,000.00. Although cash may be used to set up a Life Income Gift, appreciated property will give the investor the greatest advantage and tax savings. Savings on capital gains tax can be calculated by multiplying your gain times your tax rate (Gain x Tax Rate = Capital Gains Tax).

When a Life Income Gift is set up for two lives (husband and wife) there is no probate when the ownership passes to the surviving spouse.

The chart below shows the amount invested, tax savings, net investment cost, effective rate of return and projected life-time earnings based on current actuary tables for a Charitable Gift Annuity in comparison to a Certificate of Deposit.

- Two admissions recruiters have been hired at UMC: Lisa Beltz of Hillsboro in the business division and Brenda Swenson of Grand Forks in the arts and sciences division.
- Rita Kuznia joined the Northwest Experiment Station staff as a research specialist on the plant pathology project.
- Average University faculty member (systemwide) brings in more than $100,000 a year in grants and contracts—more than twice the cost of the average faculty member's salary and fringe benefits.
- Twelve UMC students were named to the 1992 Who's Who Among Junior Colleges in America.
- 161 students enrolled at UMC winter quarter were 40 years old or older.
- UMC hosted MATHCOUNTS and the 1992 Western Minnesota Regional Science Fair and Research Paper Program for high school students.

Search
I return to the scene of my college days
in search of a memory
A building, a pathway, a familiar face
Some sign of what used to be.
The professor's names that I recognize
Are now new buildings' names
Old streets are paths, old pathways, streets
A pavilion replaces the gym.
Where can I glimpse the girl that was me?
Is history within my grasp?
Years ago I looked for my future
At present, I search for my past.

Thanks to Rosella Moritz for sending in this poem. Rosella and her husband Orville hope to celebrate their 50th wedding anniversary next Thanksgiving Day, November 26, 1992, along with their two children, seven grandchildren and two great-grandchildren.

And a season for every activity under heaven:
A time to be born and a time to die..."

Anne Simley, teacher at the NWSA from 1922 to 1930, died in February. Anne was a special teacher who corresponded with students she had in class and with the White House Alumni Center staff. "Lasting admiration and friendship spanning so many years is an unusual feat." Anne was born January 16, 1891 and died February 10, 1992.

Golf Tournament and Social

Your NWSA/UMC Alumni Boards are still busy planning 1992 activities. A Golf Tournament and social is planned for Friday, July 17, 1992.

This year's UMC/NWSA Alumni and Community Golf Tournament will utilize a Texas Scramble format. Golf teams of four or five golfers will be established by the golf committee. Both men and women are invited to participate. It's not necessary to have an established handicap, but it would be helpful for the committee when they establish the teams if you could provide your nine hole handicap or an estimate of what your score would be for nine holes of golf.

Registration cost for the tournament will be $30.00 per golfer. These fees will cover green fees, prizes and a contribution to the UMC Scholarship Program. Participation will be limited to the first 90 golfers who pay the fee. Fees must be paid no later than July 10. Tee times and scramble teams will be announced as soon after July 10 as possible.

A registration form is provided below and should be completed and returned to the Golf Committee, White House Alumni Center, University of Minnesota, Crookston, MN 56716. Checks should be made payable to the UMC Golf Scholarship Committee.

Nobel Laureate Borlaug: A Source of Inspiration

Norman Borlaug, a University of Minnesota graduate whose high-yield wheat varieties have saved millions from starvation and earned him the 1970 Nobel Peace Prize, spoke to a packed Student Convocation at UMC in March.

Borlaug spoke to students on world population and hunger issues and the need for students with science backgrounds to pursue agricultural careers. Born in 1914, Borlaug entered the University through General College in 1933 and later earned a bachelor's in forestry and master's and doctorate degrees in plant pathology. His Nobel Peace Prize was for developing wheat varieties that produced eight to nine bushels where only one had grown before.

He has spent most of his career in Mexico, starting in 1944 with a wheat improvement project jointly sponsored by the Mexican government and the Ford and Rockefeller foundations. The International Maize and Wheat Improvement Center was an outgrowth of the project. He was also co-founder of Mexico's first Little League baseball team, formed to give his son William something to do.

Campus Photos Needed

Do you have landscape photos or any photos of the campus grounds from 1965 or later? Jerry Rude, UMC's gardener and '65 graduate of the landscape, turf and grounds program in the agriculture division, is putting together a scrapbook of the changes that have taken place on the campus grounds since it was first begun.

Jerry would like to have any information you have regarding the photo, particularly the date, included. If you would like the photos returned, indicate that, and he'll make a copy of the photo and return the original to you. Thanks, in advance, from Jerry!

Please send any photos you would be willing to donate to: Jerry Rude, Plant Services, University of Minnesota, Crookston, MN 56716.

therapies on the week of lived in Manchester. Lives in Manitoba and "lone farm. White pleasure"

William Gathered 99, Humboldt, MN, Retired in November from position as Director of Development of the Minnesota Association of Township Officers at St. Michael, MN. Served as a Director from what is now called District 13 which comprises the counties of Kittson, Marshall, Roseau, Pembina, and Red Lake for the past 18 years.

Jean Baird Olson '40, Spokane, WA, Retired since January 1988. Husband, Milt, and she moved to Spokane in March of 1988. Since getting settled and taking a six-week trip in St. Antonio, TX, she and Milt have been enjoying the local life.

Iver Johnson '23, woodland, CA, The "illustrious class of 1923" will be scheduled for a 70th anniversary reunion in December in order to be the "one survivor." Are there other classmates to stage a reunion? After 30 years as university professor and over 30 years as an industry research scientist in genetics and plant breeding, even this octogenarian now is retired.

Ernest Newhouse '28, Whittier, CA, Says it was a pleasure to be greeted by Allan Larson at the White House when visiting Crockett last October. Stopped to see alumni president Paul Proulx later and he happened to be out. He and Mrs. Newhouse spent a most pleasant week visiting friends and relatives in and around the Red River Valley. They had driven north after attending the annual Ultra Club national convention in Neosho, Missouri. They founded this organization 25 years earlier which grew to coast to coast membership.

George Schulz '31, Fergus Falls, MN, Retired and just turned 80. He has one daughter, five grandchildren, one great-grandson. He travels to see the children, gardens, takes care of large lawn, Sr. Citizes, church. Is still living on the farm.

Pearl Henry duke '32, Spokane, WA, Has lived in Spokane for 50 happy years. Married to Leonard 50 years ago, a retired railroad man from the Northern Pacific Railroad. Has eight grandchildren, one daughter lives in Minneapolis, Manitoba and one son in Spokane.

Bela la Harris Barrick '33, Knoxville, TN, is now living in Knoxville with her daughter. She attended her 55th class reunion in 1985. Enjoys reading the Aggie. Is retired and single. Her husband passed away in 1985.

Alta Torkelson Brown '36, Sun City West, AZ. About to leave on a trip to Australia and New Zealand. Will be going on an interconnected trip with the University of New Hampshire. Sounds like an interesting and exciting time.

Warren Wardell '37, Riviera, AZ, Retired from auto body business. Likes motorhome traveling.

Kermit Greenley '38, West Salem, WI. Working actively in the seed industry primarily with farmers in Old Mexico. Traveling as pilot of his personal plane.

William Bjalal Horton '40, Fremont, NE. Just returned from a tour of Denmark and Israel. Departed from Seattle, WA, flew over the North Pole, and landed in Copenhagen nine hours later. In Israel spent time in Bethlehem, Nazareth and Jerusalem. Walked through the gardens of Gethsemane, saw Christ's tomb, the River Jordan, and the wailing wall. Israel welcomes American tourists and the U.S. dollar. The country is in turmoil with its neighbors and soldiers with guns (both men and women) appear and disappear.

Donna filipi dailey '45, Minneapolis, MN. Working part-time as charge nurse in a nursing home every other weekend.

Robert Johnston '45, Boonton Township, NJ. Retired from a career in retailing (mostly Dayton's) and now enjoys real estate job in north central New Jersey. Has lived there for twenty years. Occasionally visits Minnesota to see brother, Jim '43, two daughters and three grandchildren. Has fond memories of three years at NWSA and enjoys the newspaper.

Gerhard ross '45, Crookston, MN. Enjoying retirement, remodeling a house, and spending kid's inheritance.

Marcell flieck '46, Grafton, ND, Retired from the Soil Conservation Service June 3, 1988. The District hired me back on June 6, 1988 and am still working (too young to retire for good).

Richard Schleicher '52, Park Rapids, MN, Still working at his steak house in New Ulm.

Jerry Kowalik '54, Hoffman Est, IL, wife, Jennie -- Children: Lanna, 22, "EC "Senior System Specialist, single: Debra, 27, Art Director, married, one son; Kerry, 32, air force career, married, two daughters, one son. Jerry is a contractor in building.

Donna Miller Swain '55, Balaton, MN. Youngest daughter, Kathy, graduated from UMC in May 1991. She was very happy with the school and Donna enjoyed/appreciated having a special reason to go home and to visit the campus.

Robert Hance, JR. '57, Baxter, MN, Regional manager with the Minnesota DNR for the 15-county area of East Central Minnesota. He and wife, Sharon, along with sons, Rob and Dave, spent a week in San Francisco, CA last June when their third son, Steve, wed Cathy Moy. This was the first time in five years that the

family had been together. Steve and Cathy are now at home in Sacramento, CA where Steve is in his junior year at the University of California, Sacramento, majoring in mechanical engineering. David is in his senior year at St. Cloud State University majoring in business and economics. Rob is in the Twin Cities employed in automotive wholesale supply.

Jerry Kepeczyk Jones '57, Waconia, MN, Moved to Waconia in September 1990. Works at the hospital as a radiologic technologist. Had three sons, all married, and is expecting first granddaughter soon. Would like to hear from former classmates!

William O'hara '61, Detroit Lakes, MN, In the past five years has made some major changes in his life. After being manager for Wallwork Inc. semi-trailer parts and service for 14 years, changed careers. For the past three years has been board shop manager for Peterbilt of Fargo. Has been married to wife, Lois, 25 years, in 1966. Son Brad, graduated from Detroit Lakes Voc Tech with a degree in diesel mechanics. He is employed by Northern Commercial Caterpillar Truck Division in Tukwila, Washington.

Loyal Sip '61, Ada, MN. Has lived all his life in Ada and just celebrated his 25th anniversary. Has four children: Heidi (23), a paralegal and married to Chris Jacobson, a chef, of New Ulm. MN. They live and work in the Sheboygan, WI area. Chris was activated in the Marine Reserve last year and spent six months in Yuma, AZ, because of the Gulf War. Has three sons, Robert (21), presently attending UMC working toward a four-year degree in natural resources conservation. He received his AAS in May 1991. He is engaged to Amy Brillback, Elrosa, MN (UMC 1991) and no wedding date has been set. Anthony, better known as Tony (16) is a junior at Ada High School and is very involved in 4-H, FFA, football and track. Randy (13) is a 7th grader, active in 4-H and sports also. He and his three sons have a herd of purebred Polled Herefords and a herd of cross-bred sheep. Does not farm other than 50 acres of hay, works year-round for Falike-Erickson of Ada, farm which about 5000 acres of small grains and sugar beets. He and his family have been active in 4-H work. With kids in school yet and too young to retire, keeps busy with family and local functions. They make a yearly trip to Sheboygan, WI to their daughter.

David Ebertowski '62, Upland, CA. Very busy for the past year building a new home.
