Scholarship to Honor Northwest School Football Star

A scholarship drive was recently launched at the University of Minnesota, Crookston (UMC) to establish a student-athlete scholarship to commemorate Ed Widseth.

"Mr. Widseth is one of the greatest football players in the history of Minnesota, and he began his academic and athletic career right here on the Crookston turf," according to Dan Svedarsky, UMC professor and chair of the Widseth Scholarship Development Committee.

"It's fitting that our campus honor this great athlete and human being by recognizing and assisting student-athletes who exemplify the qualities of Mr. Widseth."

Born near Gonvick in northwest Minnesota, Ed attended the Northwest School of Agriculture from 1929 to 1933 and was a star fullback. The 1932 "Aggie" yearbook noted, "opposing teams saw the lines torn to shreds by his many charges." Ed was also an active student leader at the Northwest School serving as class president for three years and a member of the choir, drama productions, livestock judging team, as well as captain of the football team.

From Crookston, Ed went on to play football with the legendary Bernie Bierman's Golden Gophers at the University of Minnesota. Ed was captain of the 1936 National Championship team and was named All-American at tackle for two years. Ed then moved on to the pro ranks where he starred with the New York Giants, being selected as the best player in the NFL in 1938. Ed's honors are many: All-Pro, National Collegiate Hall of Fame, and in 1991 was selected a charter member of the Gopher Men's Sports Hall of Fame as one of the 20 greatest Gopher athletes of all time.

Ed and his wife Janet have retired from the food business and reside in St. Paul. They are still great sports fans of the University of Minnesota and Ed has fond memories of the Crookston campus where he began his scholastic and athletic career and still attends alumni gatherings of the Northwest School.

The scholarship will recognize those characteristics epitomized by Ed Widseth - outstanding athletic, leadership, and academic achievements. A scholarship of $1,000 will be awarded to an incoming freshman or college transfer football player that would be renewable for up to four years (or two years in the case of a college transfer) contingent upon demonstration of athletic and academic excellence. A minimum grade point average of 3.00 would be required.

The name of the recipient will be inscribed on a plaque that will be part of a display to be developed in the Lysaker Athletic Building to commemorate Ed Widseth.

"Only with the recent change to a four-year institution has UMC been able to offer athletic scholarship."

Larson's Notes

The 1994-95 academic year is off to a great start at UMC. Enrollment is up and the baccalaureate degree programs are progressing well. It appears we will be awarding approximately 350-360 scholarships this year equaling about $260,000. At the present time, 43 of these awards are to descendants of NWSA alumni. These awards, listed on page 4, equal about $38,700. Not bad, right -- keep those children and grandchildren coming!

In the fall "AGGIE" we listed the names of alumni who had contributed to the Heritage Fund Annual Drive. Below the list heading we stated the list did not include gifts received from major gift club members. Recently I was asked why?

The reason is that funds contributed to the Annual Fund Drive are deposited in the Heritage Fund. Operating account which is controlled by the NWSA Alumni board of directors and consequently, they determine how these funds will be utilized on behalf of the NWSA alumni. With major gifts, $1,000 or more, the donors designate how the gift is to be used. These gifts are placed in accounts which are compatible with the donor's designated use (e.g., scholarship, research, equipment, program development, etc.). Major gift donors are generally recognized at the Torch and Shield Banquet and/or the Scholarship Banquet. In addition, they are awarded a personalized plaque or certificate and a gift club pin.

NWSA alumni contributors to major gift clubs during the 1993-94 academic year are listed elsewhere on this page.

The 1994-95 NWSA Heritage Annual Fund Drive is scheduled for March and April. Letters will be sent in March and a phonathon will be conducted in April.

Start making plans to attend the NWSA Reunion scheduled for June 23 and 24, 1995.

Finally, thanks again for your support of the NWSA Alumni Association and the University of Minnesota, Crookston.

--Allan Larson

From President Schuster

It's exciting to think that we are into our second year of offering baccalaureate degree programs at UMC. With enrollment up slightly from last year, we are excited as we move closer to meeting our benchmarks.

This is a special issue of the Aggie as we feature Ed Widseth and honor him with a scholarship in his name. Only with the recent change to a four-year institution has UMC been able to offer athletic scholarships. So this is the right time to begin an athletic scholarship program in Ed's honor.

Our thanks go out to each of you for your support of the NWSA Heritage Fund. You'll notice a list of scholarship recipients elsewhere in this newsletter. It's gratifying to see the fund and the numbers of descendants we have attending UMC growing. Keep up the great support.

Plans are already underway for the reunion on June 23 and 24, 1995. This promises to be the best one yet. I hope to see you there.

Chancellor's Comments

We were pleased to honor seven individuals for their personal support of UMC at the Torch and Shield Banquet on November 3, with one of them being Past NWSA Alumni Association President Richard Widseth. We also recognized over 30 individuals and businesses for their financial contributions to the University of Minnesota, Crookston.

One new activity this year involves gathering input from various groups to assist in building a stronger image for UMC as an applied technical four-year college. We want to build on the Northwest School legacy. Our focus will be on continuing the reputation whereby individuals refer to UMC as a college with:

- a positive, personal community
- an interactive learning environment
- a modern campus setting where all students have personal notebook computers
- applied, technical bachelor and associate degree programs
- outreach programming which serves citizens through workshops and information referral

We will be following up with some of you by phone and at the reunions to get your input. It's a busy but productive fall. Enjoy this year.

---Chancellor Sargeant

Top Aggie Nominations

Each year the Northwest School of Agriculture alumni board selects several alumni to be honored with the Top Aggie Award during the reunion festivities.

Top Aggies are selected on the basis of five criteria:

- NWSA: activities, highlights and impact on individual
- Education: personal growth, participation and service
- Work: history, service and contributions
- Service: community, church, nonprofit organizations
- Other: service or commitments

Generally the candidates are selected from the classes that are celebrating their class reunion. However, an occasional exception will be made to this guideline. This year the classes of '25, '30, '35, '40, '45, '50, '55, '60 and '65 will celebrate reunions.

Please send names of NWSA alumni you wish to nominate for Top Aggie considerations to the Alumni Office by February 25, 1995.

Donald Sargeant

We enjoyed a beautiful fall with the latest frost in our history. Not only was that special but the good weather also helped buoy everyone's spirit as we were busy learning and improving here at UMC. The enrollment for fall was up slightly from last year as it approached 1557. The women's volleyball and men's football teams won some games as they initiated schedules with four-year colleges. That was exciting. We anticipate the same as the winter intercollegiate sports are getting underway.

Last year we received approval for eight baccalaureate degrees. We are moving through the review and approval process and hope to add at least five more B.S. degrees by next fall (Ag Aviation, Early Childhood Education Management, Health Management, Information Management Systems, and Equine Science). We are on target in terms of meeting the benchmarks in the UMC 2002 Strategic Plan adopted by the Board of Regents.

Roger Moe Scholarship Established

In 1993, Senator Roger Moe held a golf tournament at the Northfield Golf Club to raise funds for the UMC Scholarship Program. The event raised more than $4,000 and served as the first contribution toward the establishment of the "Roger Moe Endowed Scholarship."

Two students, Michelle McDonald from Fisher and Brad Slininger from Twin Valley, each received $900 scholarships last year.

The 1994 golf tournament was even more successful as it generated more than $6,000 for the scholarship program.

On behalf of UMC, and particularly the students who have and will benefit from the scholarships, we thank Senator Moe for his support of the UMC Scholarship Program and the University of Minnesota, Crookston in general.

Contributions to UMC may be made in several ways:

- **Cash**
- **Property**
  - Securities
  - Real Estate
- **Deferred Gifts**
  - Insurance Policy
  - Through Wills or Trusts
  - Annuities

Retroactive to January 1, 1993 the Alternative Minimum Tax (AMT) has been eliminated for gifts of appreciated property.

Call us if we can assist you with your year-end gift and tax planning.

Building a Stronger Image for UMC

UMC is gathering input from various groups to assist in building a stronger image for UMC. The focus will continue the legacy begun by the Northwest School of Agriculture. A brief capsule follows:

The University of Minnesota, Crookston (UMC) borders on the northern edge of Crookston, Minnesota, in the Red River Valley of the North. The picturesque campus consists of 28 buildings on 237 acres of land, with over 1500 students.

The College Campus is an applied technical four-year college focusing on:

- positive, personal community
- interactive learning environment
- modern campus setting where all students have personal notebook computers
- applied, technical bachelor and associate degree programs
- outreach programming which serves citizens with workshops and information referral

NWSA/UMC and Friends Minneapolis Fall Social

The fall social held at the Nicollet Island Inn attracted 25 alumni and friends this year. Everyone enjoyed the social and the excellent food. Chancellor Sargeant extended greetings, gave an update on UMC and showed a video which showed the importance of technology in programs at UMC, the University of North Dakota and Columbia University (not bad company for UMC to be associated with--right?). Senator Roger Moe welcomed the folks and expressed his support for UMC because of the major impact it has on the Northwest Region and the State.

Allan Larson thanked everyone for attending the social and for their financial support of UMC programs. He highlighted some of the gift programs that occurred during the past year as well as several options for future charitable giving. Literature was available for attendees to take with them.

The following alumni and friends were in attendance:

- Rose Anderson
- Michael Boland
- Opal Hedberg
- David & Bertha Hsiao
- Lorraine Johnson
- Norman & Camilla Johnson
- George & Doris Kelley
- Pat Kenny
- Alton & Margretta Knutson
- Allan & Kay Larson
- Lowell & Carole Larson
- Roger & Paulette Moe
- Mr. & Mrs. Don Mykleby
- George Nornes
- Gordon Sandbaken
- Donald Sargeant
- Bonnie Stewart
- Ed & Janet Widseth

McAllen, Texas Social Date Set

The date for our McAllen, Texas NWSA/UMC Alumni and Friends Social has been set for February 4, 1995. Plans are for the social to begin at 10 a.m. followed by a brunch starting at 10:30 a.m. Allan Larson from the University of Minnesota, Crookston will be on hand to provide a University update.

Sharon and Marjorie Ofstedahl '43 Hanson will be arranging for the location of the event and should have this solidified by the end of November. We will keep you informed of the arrangements if we have your address. Otherwise please contact us in December or January for the details. We will also put notices in regional newspapers in Minnesota and the McAllen area.

Hope to see you February 4

Senator Roger Moe took part in a tree planting ceremony in memory of the late UMC alum Harl Gamber. The May Day tree was planted in front of the University of Minnesota, Crookston’s White House Alumni Center.
