The Board of Regents adopted the Regents’ Seal, shown on the cover, in 1939 as the corporate seal of the University of Minnesota. The Latin motto, “Commune Vinculum Omnibus Artibus,” means “A common bond for all the arts.” The lamp represents the metaphysical sciences. The telescope represents the physical sciences. The plow represents the industrial arts, and the palette and brush represent the fine arts.
Looking Back, Looking Forward - Our Tradition of Growth and Change

Today, May 5, 2012, we celebrate the 104th graduating class of this campus. The very first was in 1909, when this site was home to the Northwest School of Agriculture (NWSA), a residential high school. Today also marks the 45th graduating class of this campus as an institution of higher learning and the 19th graduating class as a baccalaureate university. While the Crookston campus has a proud legacy of growth and change, two things have remained constant throughout its history: a strong affiliation with the University of Minnesota and the presence of talented, caring faculty and staff.

In the spring of 1909 the first eight graduates of the NWSA received diplomas from the newly-established agricultural high school. The NSWA opened its doors in 1906 and provided “training in the technical and practical business of agriculture and the art of homemaking.” Over the next 62 years 5,433 graduates completed their high school education at the NWSA.

Changing educational needs in the 1960s led to a new role for the campus. In the fall of 1966 classes began for 185 students enrolled at the new University of Minnesota Technical Institute. Associate degrees were offered in three academic divisions: Agriculture, Business, and General Studies. Students of the NWSA and the U of M “Tech” shared the campus for two years.

In 1968 a torch was passed—figuratively and literally—from the 60th and final graduating class of the NWSA to the first graduating class of the Technical Institute, now an official coordinate campus of the University of Minnesota. From 1968 to 1994, associate degrees were granted to 4,693 graduates. The tradition of passing the torch from one class to the next continues to this day as part of commencement ceremonies.

The University of Minnesota, Crookston entered the next stages of its evolution in the early 1990s as it earned approval to offer baccalaureate degrees and as it made national history in 1993 by providing students and faculty members with notebook computers to become the first “Laptop University.” By the end of the academic year in 1994, 20 students had completed bachelor’s degree requirements. They were recognized at the 86th commencement ceremonies.

The U of M, Crookston awarded its first “distance” or online bachelor’s degree in 2001. In some cases, commencement now may be the first time a graduate actually sets foot on the campus, making the event all the more special.

Today, the University of Minnesota, Crookston is one of five campuses of the prestigious University of Minnesota system. With an enrollment of 1,600 undergraduate students from 30 countries and 40 states, the Crookston campus offers a supportive, close-knit atmosphere, top-level technology, and a distinctive career-oriented education.

We take pride in our students, faculty, and staff and in what they accomplish here: teaching, learning, research, and service. We all are enriched by the education, experiences, and relationships built here. This campus will be a memorable touchstone in our graduates’ lives as they go out into the world and make good things happen.

Safety and Special Needs
If you have any special needs during today’s event, please contact a university staff person stationed at the exits near the hallway. They can direct you to a variety of university personnel prepared to assist you.

For your safety, please take a brief moment to locate Lysaker Gymnasium’s exits. They are located to either side of the stage which will take you directly outside, and along the west wall which will take you out to the central hallway and then outside.

In the event of an emergency, choose the nearest exit and evacuate the gymnasium quickly and safely. Listen for further instructions from University event staff. Remain outside the building until the “all clear” is given by emergency responders.

Cell Phones and Pagers
Out of respect for all in attendance and for this important ceremony, please turn off or set all cell phones and pagers to silent mode.

The Faculty Assembly consists of: (a) tenured faculty, (b) tenure track faculty, and (c) faculty and other professional staff who work at least 50% time in credit teaching and 66% time in teaching, research, and service.
Academic Costume

The caps and gowns worn by graduates and faculty are based on costumes used in universities of the 14th and 15th centuries, particularly at Oxford and Cambridge universities in England. This academic dress has been used in the United States from colonial times and was standardized by an 1895 Intercollegiate Code. Like the military of medieval times with its pages, squires, and knights, the academic world has long had three basic grades of dignity and achievement. These are undergraduates, bachelors, and masters (or doctors). The distinction between masters and doctors is comparatively recent; both imply the right to teach.

Black is the most common color for academic gowns. There is no trimming on the gowns for the bachelor’s or master’s degrees. For the doctoral degree, the gown is faced down the front with black or colored velvet and with three bars of the same color across the sleeves. The color in the master’s costume is restricted to the hood worn around the neck and down the back. This is edged with velvet or a color which indicates the subject area of the degree received and is lined with silk in the colors of the institution which granted the degree.

Doctors have a larger and more open hood lined, like the master’s hood, with the colors of the degree-granting institution and trimmed with the color of the subject area of the degree received. Gowns have black or colored velvet on the sleeves and the front.

The Regents’ Medallion

The five-foot Regents’ Medallion is displayed at commencements and other official events of the University of Minnesota Board of Regents. On the face of the medallion, silk screened in the University’s colors of maroon and gold, is the seal of the regents.

An antique lamp represents the metaphysical sciences; a telescope, the physical sciences; a plow, the industrial arts; and a palette with brushes, the fine arts. The Latin motto, Commune Vinculum Omnibus Artibus, means “a common bond for all the arts.”
The Mace

The Mace is used for all University of Minnesota Commencements. The word “mace” is from Middle English and was originally used to refer to the implement for breaking armor during the Middle Ages. Today its use is more peaceful, for it now is a staff borne by, carried before, or placed near a dignitary as an insignia of dignity and authority. First designed in 1961 for the inauguration of O. Meredith Wilson, the original mace is made of aluminum and topped by a crystal ball, which symbolizes the illuminating quality and the clarity of thinking that characterizes education. The crystal ball is topped by a star representing Minnesota, the North Star State. The staff is carried by the most senior professor of the college.

The Torch

A tradition unique to the U of M, Crookston is the presence of a torch at special ceremonies. The symbolic light of the academic torch—the light of knowledge that permits understanding—represents the educational philosophy of the University of Minnesota.

There are actually three different torches that play a role in the history of the campus. The first is the original torch created by the final graduating class of the Northwest School of Agriculture (NWSA) and passed to the first graduating class of the Technical Institute in 1968. That torch is on display in the Heritage Room in Kiehle Building.

In 2002, regional artist David Badman designed and handcrafted a new academic torch as a gift to the campus in recognition of its new academic mission as a baccalaureate university. That torch has been present at all commencement ceremonies and other special campus events since then.

In 2009, Lew Hanson, an employee of the University, and DeBoer Industries of Crookston created a new torch to commemorate the 100th anniversary of graduation ceremonies on the Crookston campus. Inscribed on the handle of this “Century Torch” are the five core values of the U of M, Crookston: Integrity, Excellence, Diversity, Innovation, and Learner Centeredness.

During today’s ceremony, the Century Torch is passed to the incoming president of the Crookston Student Association (CSA), maintaining the tradition that began in 1968 and acknowledging the history of the campus from its roots in the NWSA to the present.

Star Spangled Banner

Oh, say, can you see, by the dawn’s early light,
What so proudly we hailed at the twilight’s last gleaming?
Whose broad stripes and bright stars, through the perilous fight,
O’er the ramparts we watched, were so gallantly streaming?

And the rockets’ red glare, the bombs bursting in air,
Gave proof through the night that our Flag was still there.
O say, does that Star-Spangled Banner yet wave,
O’er the land of the free, and the home of the brave?

University of Minnesota Hymn

Hail! Minnesota

Minnesota, hail to thee! Hail to thee, our college dear!
Thy light shall ever be a beacon bright and clear;
Thy sons and daughters true will proclaim thee near and far;
They will guard thy fame and adore thy name;
Thou shalt be their Northern Star.

Like the stream that bends to sea, like the pine that seeks the blue,
Minnesota, still for thee thy sons are strong and true;
From thy woods and waters fair, from thy prairies waving far,
At thy call they throng with their shout and song,
Hailing thee their Northern Star.
Today the University of Minnesota, Crookston delivers more than 25 bachelor’s degree programs and 40 concentrations, including several online degrees.
