Alumni Dinners - A lot of fun!

Stephen Alumni Dinner

Provost Sahlstrom awards Della Hapka an Ox Cart for coming the farthest distance to attend the Alumni Dinner in Stephen, Minnesota. Della came all the way from Fargo where she works as a secretary for North Dakota State University.

Roseau Alumni Dinner

Herschel Lysaker awards an Alumni Cup to Lee Brekke for being the latest graduate of UMC.
ALUMNI DINNERS

East Grand Forks

Provost Sahlstrom awards Don Chisholm from Manvel, ND, a 1968 UMC graduate, a candy dish for being the most recent UMC graduate attending East Grand Forks Alumni Dinner.

Red Lake Falls

Herschel Lysaker presents UMC graduate, Lonnie Olson, with an Alumni Cup for being the most recent graduate from UMC attending the Red Lake Falls Alumni Dinner.

Roseau

Tom Feiro, President of the UMC Alumni Association, updates Roseau Alumni about changes at UMC.

Stephen

Provost Sahlstrom awards Jim and Debbie (Hapka) Avery an Alumni Cup during the Stephen Alumni Party.
Letter from the President

Tom Feiro

We recently finished this year's chain of UMCAA-NWSAA dinners around Northwest Minnesota and Minneapolis. They have been an exciting experience for me to take part in. I was rather surprised to find only one or two UMC graduates at most dinners. The Northwest School Alumni are still full of excitement and make for an enjoyable evening. Next year we would like to see UMC pull together and take in a dinner if there is one near you.

Are you thinking about next year's Homecoming yet? We are! The UMC Alumni Board has set next year's dates for September 26 and 27. You notice I mentioned two dates. The Alumni Association is always trying to improve our Homecoming activities. We now feel two days are needed.

Here's what's going to happen. First off, we are going to begin 5 and 10-year reunions. We have now grown to over 1700 graduates from UMC, so bigger and better activities are needed. A 5-year reunion can help to keep us closer to many of our classmates. The honored classes for Homecoming 1980 will be from 1970 and 1975. It is important to get support from all to make these a success. If there is someone from those two classes who would like to help the Board contact members from 1970 and 1975, let us know.

The largest event to organize will be the First Annual Alumni Honors Banquet. Committees are being formed to select a field of candidates who, since graduating, have made worthy contributions to their profession and university. Candidates will be nominated by their former division at UMC. The banquet will take place Friday night.

The Alumni may sometimes be forgotten and we would like to bring recognition, each year, to a few who have excelled from their training at UMC. We will keep you informed of all plans.

The campus was visited in January by Steve Roszell, the Executive Director for the University of Minnesota Alumni Services. Steve is trying to pull the resources together of all the Alumni Associations for the coordinate campus' of the U of M. Even though we graduated from UMC, we are still a part of one U of M.

By being of help to one another, we may receive some important benefits. One that stands out on top is tax-exempt status. There is a chance we may be able to fit in under the exempt status of the U of M. If so, that could take over a year of delays off of our backs.

I don't want to continue to rattle on, but just wanted to give you a few of the highlights concerning the UMC Alumni Association. If there is any assistance the Alumni Association can be to you, let us know.

Have a good day!

UMC students are making their mark in the working world

UMC STUDENT AUTHOR'S COOKBOOK

A 1976 UMC graduate, from the Home and Family Services Division with a major in services for children, Debra (Gunnerson) Habadank, has authored a cookbook, "More Please", which is designed with children in mind.

Since leaving UMC Debra has graduated from North Dakota State University and is employed at NDSU's Center for Children's Education. She supervises the Center's Infant-Toddler room. Debra is the daughter of Lester and Alpha Gunnerson of Ada, Minnesota. She is married to Ned Habendank, an Architect, who is employed by Mooney, Hennings, Mitz and Associates, a Fargo engineering firm. "More Please" is available through the Department of Child Development and Family Relations, Room 156, Home Economics Building, North Dakota State University.

UMC STUDENT MANAGER OF WILKESON HALL CAFETERIA AT THE UNIVERSITY OF NORTH DAKOTA BECOMES DEACON

Samuel Pupino, a native of Youngstown, Ohio, and a 1974 graduate from UMC, is employed as manager of Wilkeson Hall Cafeteria at the University of North Dakota. Sam spent one weekend a month for the past two years studying scripture, liturgy, church teachings and pastoral theology in preparation for service as a deacon. He will serve various pastoral and liturgical roles in his parish while continuing full time in his present profession. Sam will also be allowed to assist in the Mass, proclaim the Gospel, and preach. He also will be permitted to baptize, officiate at weddings, and distribute Holy Communion to the sick, confined, and those in hospitals. He and his wife live at 1139 McKinley Avenue.

UMC GRADUATE OPERATES SUCCESSFUL RESTAURANT "THE ROUND TABLE" IN WINNIPEG, MANITOBA

A 1973 graduate from the Hotel, Restaurant and Institutional Management division, Thrainn Kristjansson owns and manages one of the most beautiful and elegant restaurants in Manitoba. Located on 800 Pembina Highway in Winnipeg, The Round Table Restaurant is known for its fine cuisine, gracious hospitality, its scrumptious brunches and family affairs. Thrainn and his wife Edda enjoy Winnipeg very much and plan to build another Round Table Restaurant in the near future. Thrainn is known for his humanism and concern for people. One newspaper has written that he has a way with his patrons and his staff, which is one of the main reasons for the excellent service given in a most pleasant and respectful manner to each and every patron. Those who work there know that at the Round Table, they have the opportunity to build their futures career-wise, if they can muster the qualities of determination, honesty, endeavor and far-sightedness that success demands.

Mr. & Mrs. Sharold Stromli have once again donated $500 to the Business Division Scholarship Fund. Mrs. Grace Stromli graduated from UMC in 1978 with a major in business and retail management. She believes so much in the education that she received at UMC that she would like to provide that opportunity to other students. Mr. and Mrs. Stromli reside in Walhalla, North Dakota, where Grace is an assistant manager and bookkeeper for her husband's business, Border Farms Supply.

Governor Rudy Perpich and U. S. Congressman Arlan Stangeland, Minnesota's 7th District, head a party of political and educational officials on Tuesday, November 28 at 2 p.m. in groundbreaking ceremonies for the Food Service Building at the University of Minnesota Technical College - Crookston (UMC). The public was invited to attend.

The $2.7 million project is built north of the campus mall with connecting links to Dowell and Bede Halls. Anticipated completion date is June 1980.

The new facility will be the most modernistic and well-equipped hotel and restaurant education facility in the country.

The foodservice building was not an easy, overnight project. Initial planning began in the summer of 1970, when the first committee was formed. At that time the committee requested approximately $1.5 million for classrooms, storage, production area and one-half of an eventual dining facility. It was also to include a foodservice management instruction area.

A foodservice building request was presented at every legislative session from that date on, according to William Menzhuber, committee member and director of plant services at UMC.

From the formation of the first committee, planning continued with each HRI Division chairman being involved. Menzhuber is the only person on the first committee who is still an active member today. Division chairman on the committee have been Ralph Nestor, Brian Harron and Tom Bloom. Keith Ramberg, director of dining services, has been active on the final project.

In 1976 the first positive action was taken by the State Legislature when it appropriated $100,000 for planning and working drawings for the foodservice building. In 1978 the legislature appropriated $2.6 million for construction of the facility.

The architectural firm for the project is Ellerbe, a nationwide firm located in Bloomington, MN. James L. Meyerhoff is the coordinating architect and Carl Erickson the design architect.

Contractors are: Witcher Construction Company of Minneapolis, MN. general; Robert Gibbs and Sons, Inc. of Fargo, N.D., mechanical; and Sharp Electric Inc. of Grand Forks, N.D., electrical.

The new facility will include approximately 19,320 assignable square feet. It will include space for cafeterias, food production, storage, meeting and conference areas, office and administration, lockers and staff washrooms, employee lounge, dining and meeting areas, public washrooms and custodial space.

Low bid for the new $2.2 million physical education building at the University of Minnesota Technical College - Crookston (UMC) has been accepted, Provost Stanley D. Sahlstrom announced this week.

Otto J. Eickhof & Sons, Inc. will be the general contractors for the 40,000 sq. ft. structure, with completion date projected in July of 1981.

"The L-shaped building will be constructed so as to use the present Knutson Hall Gymnasium in connection with the new building," according to Bill Menzhuber, director of plant services.

Included in the new structure will be two varsity locker rooms, in addition to the two located in the present facility, to allow both women and men to have activities operating simultaneously; two racketball-handball courts; co-ed training areas for therapy and treatment of athletic injuries; co-ed weight training room; office space for all physical education staff; practice wrestling room (and the incorporation of a wrestling gymnasium in the old building); multipurpose classroom for instruction, squad meetings and for use as a hospitality room; a co-ed sauna; equipment issue and storage area; and a gymnasium with three basketball courts (which will include provision for volleyball, tennis, badminton courts) and seating capacity of approximately 3,500 in the new fieldhouse.

"With our long Minnesota winters we want to provide adequate space for intramural sports," said Sahlstrom.

After the first legislative request for building a physical education complex was submitted to the Minnesota Legislature, dimensions of the gymnasium were changed to allow the University to host regional events, as well as to provide space for intramural sports, according to Menzhuber.

We wanted our complex to be a service to our students first and then to all of northwestern Minnesota," said Menzhuber. "In order to host regional high school activities, an additional 7,000 sq. ft. and 1,800 seating capacity were added."

The bids came in over the estimates of the architects. These higher figures have necessitated transfer of some funds that had been earmarked tentatively for the outdoor complex to the building in order to construct it as planned. However, all recreational, intramural, and intercollegiate practice fields planned for the outdoor area will still be completed, according to Sahlstrom.

Items removed from the immediate construction schedule include the outdoor storage building, bleachers for the football field, and the special type of soil mixture that was to be for the gridiron itself. Dropping these alternates, explained Menzhuber, will compensate for the greater costs anticipated in erecting the indoor physical education building. Bidding date for the outdoor complex is set for February 1, 1980.
UMC FALL and WINTER SPORTS

Fall Sports - 1979

FOOTBALL
The UMC football team finished the 1979 season with an overall 5 won, 4 loss record.

1979 Scores       UMC     OPP.
Bismarck J. C.    2       33
Golden Valley     0       28
Brainerd          34      19
Mesabi            6       10
Vermilion         24      22
Hibbing           27      7
Fergus Falls      21      9
Itasca            14      0
Northland         7       27

Named to the All-Northern Division Football Team were: Kevin Beekman, Mike Sandt, Tom Solien and Bill Molitor.
Named to the All-Region XIII Team were: Bruce Quackenbush and Bill Molitor.

VOLLEYBALL
The UMC women's volleyball team finished the 1979 season with an overall 7 won and 12 loss record. In the Northwest Conference, the Trojan women finished in 2nd place with a 4 won, 21 loss record. The 1979 women's team advanced to the State Volleyball Tournament at Itasca. They were the first UMC women's team to compete in a state tournament.

Winter Sports - 1979-80

MEN'S BASKETBALL
The men's basketball team has an overall won-loss record of 10 and 10. The men's conference record is 6 and 5.

WOMEN'S BASKETBALL
The UMC women's basketball team has an overall record of 5 and 11. The women's conference record is 4 and 7.

WRESTLING
The UMC wrestlers are having a good year with an overall record of 10 and 10. The conference record for the wrestlers is 3 and 1.

HOCKEY
The UMC ice hockey team has an overall record of 8 and 12. The conference record for the hockey team is 8 and 10.

ATTENTION!
Class of 1970 and 1975

We are going to start 5 and 10 year reunions for homecoming 1980. A couple of volunteers are needed from each year to help contact class mater to return for their reunion. The Board of Directors and Alumni Services will give needed assistance.

If you would care to help, write to Tom Feiro, UMC Alumni Affairs Office, UMC, Crookston, MN 56716

The word needs to be spread around starting in spring!

DATES TO REMEMBER

June 28, 1980
NWSAA Annual Summer Reunion at UMC
Any UMC Alumni are cordially invited!

September 26, 1980
Homecoming at UMC
- 1st Annual UMC Alumni Honors Banquet
- Alumni parties

September 27, 1980
- Annual meeting of UMC Alumni Association members
- Division club meetings
- Football game
- Alumni gathering
- Division alumni parties
- Homecoming Dance - Eagles Hall
Alumni - We Need You!!!

All of us on the UMC Alumni Board are concerned about the Alumni Association. We need your support and membership in order for its continuance. Without it, our association will not be as effective as it should be.

The UMC Alumni Association has decided to initiate a fund raising program to help defray expenses that we are incurring. With our 1700 members, if everyone donated $1 to $10, this would help to cover expenses and set up a yearly scholarship fund that would help some student with their college expenses. Also, a donation of $1 to $5 from each alumnus would go a long way in meeting the cost of UMC's sculpture.

A donation of $1, $5, or even $10 per year would help greatly. Below is a form for you to fill out and return to the UMC Alumni Association.

I am enclosing my donation to the UMC Alumni Association in the amount of: $1 $5 $10
I am enclosing my donation to the Sculpture Fund in the amount of: $______

Please detach this portion and return!
